- A Coffee Table Book is a book that we create thanks to dedicated software (it's totally different from the Traditional photo album with the pictures stuck on the pages). This book will have the pictures of your wedding professionally printed on the pages. It will be an 11 x 8.5 inch hardcover book with photo-wrapped cover and matching dust jacket. The hardcover book uses a traditional bookbinding style – complete with a striped headband – just like books from the bookstore. This is also called Coffee Table Book.
- The Coffee Table Book will be delivered at you address approximately 5 weeks after your wedding free of charge (via FedEx or UPS). In case you order a Graphi Studio/Asuka Photo Book it will take approximately 10 weeks.
- The final length of the video will vary depending on many factors such as the type of ceremony, number of guests, speeches, dances and other activities you will have during your wedding day. The specified time of the packages is completely approximated.
- Highlight videos take several weeks for production but we don't give a time frame since it is a more creative and accurate process. We will deliver them digitally when ready.
- Cinematography package requires a long post production process will be delivered when ready (no time frame).
- For weddings that take place inside a resort/hotel that requires special admittance permit for the photographer and/or videographer through the payment of a Day Pass or Royalty Fee, customers will have to cover the cost.
